## EVoline® FlipTop Push

The EVoline® FlipTop Push provides an 'executive' yet simple and effective solution to future proof connectivity with its range of interchangeable data and multimedia sockets. At the press of a finger, the cover opens to reveal the power and connectivity sockets. Retractable, even when in use, the FlipTop Push provides a contemporary and stylish solution for the workplace, hotel and meeting/boardroom tables. Only 68mm in depth, it is quick and easy to install whether for new build, refurbishment or retrofit.

The FlipTop Push can be custom tailored and specified with [UK and/or international sockets, USB Chargers, data & multimedia modules and USB-C Power Delivery.](#)

## Finish Options

- Brushed solid stainless steel cover, Black anodised aluminium profile.
- Black powder coated steel cover, Black anodised aluminium profile.
- White powder coated steel cover, Black anodised aluminium profile.

## EVOLine® U-Dock

The EVOLine® U-Dock provides a modular and versatile under desk solution.

Robust in design, this functional system is ideal for placement of power and connectivity under a meeting or boardroom table, accessible via an opening in/behind the table.

Alternatively, the U-Dock can be installed within the custom designed EVOLine® Rail.

The U-Dock can be tailored to individual specifications and customised with UK and/or international sockets, USB Chargers, data and multimedia modules.

### Finish Options

Black and Silver anodised aluminium profile with Black plastic end caps.

### Mounting Options

End Cap with mounting tabs (screw fixed).

Flush Mounting set with wing nuts or screws.

### Description: EVOLine® U-Dock with UK Mains & USB A+C Charger

220mm Long (including tabs)

- 2 x UK sockets, individually fused 3.15A, with 3m supply cable & 13A UK plug

**EVoline® ONE**

“RedDot Design Award” 2019, Iconic Awards “Innovative Interior” 2019

The ONE is the smallest ever Power & Connectivity innovation from EVoline and very much part of their next generation of products. Available with power socket or double USB Charger A+C for that subtle and discreet solution integrated within your furniture.

If required, the ONE can also be supplied with up to 2 means of combined connectivity such as HDMI, Cat6/6A or USB-C Power Delivery

Quick and easy to install, including when retrofitting, a versatile solution for numerous horizontal and vertical applications.
